What is a “Brand Manual”?

Brand Manual (also known to as “brand standards”, “brand guidelines” or “brand book”) are essentially a set of rules that explain how your brand works. These guidelines typically include basic information such as: Design layouts and grids, page applications, flyer layout, editorial guidelines, etc. Brand guidelines should be flexible enough for designers to be creative, but rigid enough to keep your brand easily recognizable. Consistency is key, especially if you need the brand to extend across multiple media platforms.
